# Values

## Integrated Security

We understand the complex and dynamic layers of security and take into account all relevant dimensions: people, behaviour, processes and technology.

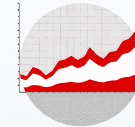

## Preventive Measures

Our proven concepts reduce the probability of risk events and empower our clients to react to attacks and threats in the right way.

## Individual Solutions

For our clients we devise tailor-made solutions that offer protection against all forms of internal and external threats to their interests.

## Experienced Forces

Decades of experience in State Security in Austria and abroad combined with expertise in the fields of Business, Finance, Law, and IT.

# Divisions

For our clients we find tailor-made and integrated security solutions that add real value to their businesses.

We combine decades of experience in State Security in Austria and abroad with expertise in the fields of Business, Finance, Law, and IT.

All services benefit from our unique approach Strategic Scenario Mapping ©.

Operative forces at the level of State Security play a crucial role in delivering our services.

We are your trustworthy and professional partner to master all security-related challenges concerning your private life and business.

Exposed individuals and companies rely on our Close Protection services at home and abroad.

Our intelligence-led reports protect the interests of our clients in competitive business environments.

Counter measures against economic crime and fraud are supported by our extensive investigation capacities.

Taking into account the perspective of potential enemies is one of many advantages of our Strategic Scenario Mapping ©.

# Strategic Scenario Mapping

Our unique Strategic Scenario Mapping © approach offers intelligence-based analysis of relevant players and scenarios taking into account the perspective of potential enemies.

SSM has been successfully applied during missions afield and lectured at Special Operations schools in Austria and the USA.

**Targeted  
focus**

**Proactive vs.  
reactive**

**Explicit &  
systematic**

**Prevents  
heavy impacts**
